January 30, 2012

Please note that the 2012 federal tax tables were applied to all February pension checks and may affect net benefit payments.

Retirees inquiring about a change in their pension amount can see the details of their payment on the ASRS website – www.azasrs.gov. Retirees can log in to their secure account to access the most recent deposit statements, which show tax withholdings.

Retirees can also change their tax withholdings from the ASRS website. To do this:

- Go to www.azasrs.gov and click on
- After logging in to your secure ASRS homepage, select the link to update

tax withholdings. From this page, you can update your federal or Arizona tax withholdings.

Also note:

1099R tax forms will be available for viewing and printing from your secure account by February 15. These end-of-year tax statements are mailed the last week of January each year and are also posted to retirees' accounts on the ASRS secure website. Please refrain from calling the ASRS until after February 15 if you have not yet received your 1099R form in the mail.

Additional information on taxes is located on the ASRS website under the Retirees tab located at the top of the homepage.
